

Configure Group Policy Objects

Greg Shields

@ConcentratdGreg | www.pluralsight.com

What This Module Covers

Configure a Central Store

Manage Starter GPOs

Configure GPO Links

Configure Multiple Local Group Policies

Group Policy Components

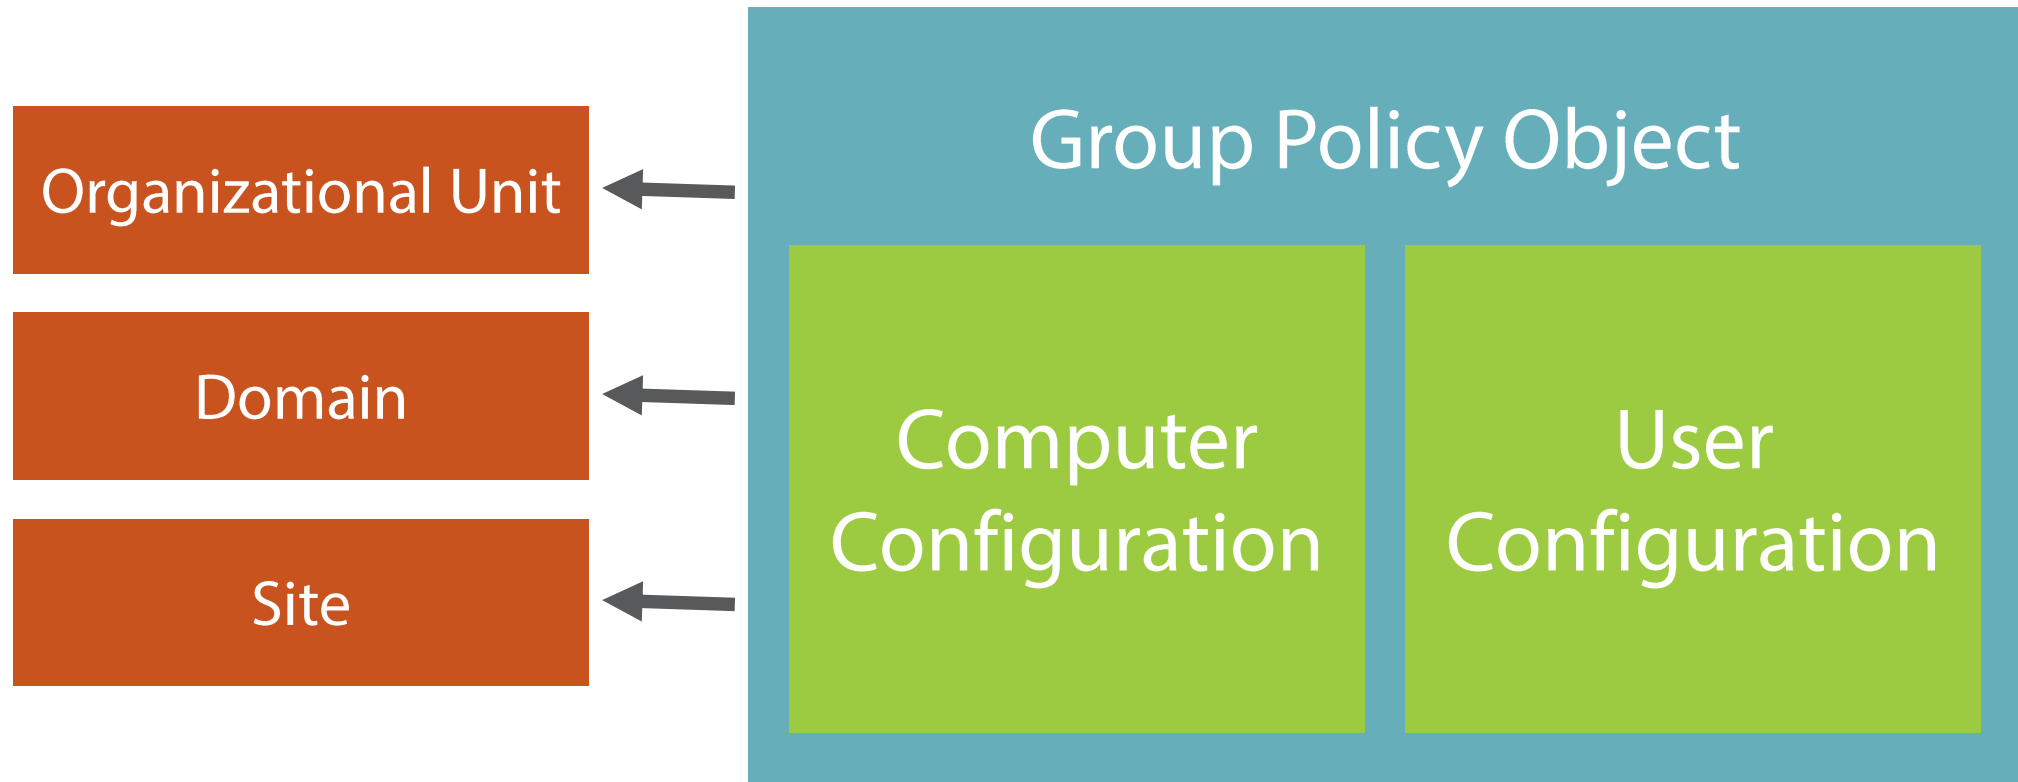

The diagram consists of two large colored rectangles, one teal on the left and one green on the right, separated by a thin vertical orange line. The teal rectangle contains the text 'Group Policy Container' and the green rectangle contains the text 'Group Policy Template'.
